Dear Sir:

In a decision on a petition mailed March 11, 2004, the Patent Office dismissed the Petition to Revive Patent Application Unintentionally Abandoned because the Patent Office alleges that there was no required reply. Yet, the Patent Office states that a Reply under 37 C.F.R. 1.13 is limited to an amendment that prima facie places the application in condition for allowance.

The amendment filed February 15, 2005 did in fact place the application in condition for allowance by canceling all the rejected claims and placing the allowable claims in allowed form.

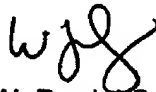

However, if this should be insufficient, enclosed please find a RCE application requesting that the enclosed amendment be admitted.

In light of the above, it is respectfully submitted that the present application is in condition for allowance, and notice to that effect is respectfully requested.

While it is believed that the instant response places the application in condition for allowance, should the Examiner have any further comments or suggestions, it is respectfully requested that the Examiner contact the undersigned in order to expeditiously resolve any outstanding issues.

To the extent necessary, Applicant petitions for an Extension of Time under 37 CFR 1.136. Please charge any fees in connection with the filing of this paper, including extension of time fees, to the deposit account of Texas Instruments Incorporated, Account No. 20-0668.

Respectfully submitted,

W. Daniel Swayze, Jr.
